must be continually replenished. However, the local blood supply has not exceeded a four-day supply since the onset of the pandemic.

Donors are asked to wear a face mask to their donation or one will be provided to them upon arrival. Appointments are strongly encouraged, and walk-ins will only be accepted if capacity allows. Appointments can be made online at [savealifenow.org/group](http://savealifenow.org/group) and enter Group Code: **EG9Z**, or call 1-877-468-6844.

In order to protect CBC staff, healthy blood donors and our community blood supply, individuals are instructed not to attend the blood drive if they are experiencing a fever or other symptoms of COVID-19 (chills, cough, shortness of breath or difficulty breathing) or have been diagnosed with or suspected of having COVID-19 until 14 days after their illness has resolved. Please note: CBC does NOT test for COVID-19. Additional information is available at [savealifenow.org/coronavirus](http://savealifenow.org/coronavirus).
