airplay records worldwide and received a GRAMMY nomination. The band's sophomore album, 2009's "Waking Up," produced the hit singles "All the Right Moves," "Secrets," and "Good Life." The certified-platinum album "Native" followed in 2013, featuring the No.1 hit and 41 million selling single "Counting Stars." OneRepublic released "Oh My My," their fourth full-length album, in 2016, and their latest album, "Human," dropped on August 27, 2021. It features singles "Somebody," "Run," "Somebody To Love," "Wanted," "Didn't I," "Better Days," and "Rescue Me," which has been certified RIAA Gold. They most recently released their new single, "West Coast," and announced their upcoming tour to kick off in July of this year.

About NEEDTOBREATHE

Since 1998, NEEDTOBREATHE has quietly emerged as a dynamic force in rock music, topping the charts, selling out historic venues, and generating hundreds of millions of streams to date. The band has gathered one platinum single, four gold singles, and a gold album. Along the way, "Multiplied" notched their first GRAMMY nomination. Simultaneously, they performed to sold out crowds at arenas and amphitheaters coast to coast. In addition to garnering two nods at the Billboard Music Awards, they've attracted acclaim from *People*, *Rolling Stone*, *Forbes*, and many more. In 2020, they sowed the seeds for rebirth with "Out of Body." It bowed in the Top 5 of three Billboard charts and reeled in acclaim. Within weeks of its release, the quintet—Bear Rinehart (vocals, guitar), Seth Bolt (bass, vocals), Josh Lovelace (keys, vocals), Randall Harris (drums), and Tyler Burkum (guitar)—stole away to an old historic house in Columbia, Tenn., where they lived together, ate together, laughed together, and recorded together for three weeks in the fall of 2020. They returned home with their eighth album and documentary "Into The Mystery" (Elektra Records).
